

Endorses **JOHN ENSIGN** ***for Senate***

There's no stronger champion of animal welfare in Congress than U.S. Senator John Ensign.

John Ensign has consistently gained top marks on the Humane Society Legislative Fund's *Humane Scorecard*.

- He's the author of legislation to crack down on illegal dogfighting and cockfighting—barbaric practices that result in misery and suffering for millions of animals every year.
- He's author of legislation to stop the inhumane slaughter of America's horses for human consumption overseas.
- He's cosponsor of a bill to crack down on abusive "puppy mills" that treat dogs like production machines.
- He has fought for increased funding for enforcement of animal welfare laws.
- He cosponsored legislation, signed into law, to require evacuation plans for pets in disasters. He also visited animal rescue emergency shelters in the Gulf during Hurricane Katrina.
- He was the author of legislation, also signed into law, to ban the trade in lions, tigers, and other big cats for the exotic pet industry. He's cosponsor of a similar bill on dangerous primates.

**In order to pass humane laws,
we need humane lawmakers like John Ensign.
Voters in Nevada who care about animal welfare
should support his reelection.**
